***Name recognition on partner websites (MU/NAIOP) and localized print materials.***

REEX is a virtual, two-week program for rising high school Juniors and Seniors. The program is dedicated to helping high school students of color take charge of their future and provide knowledge about career opportunities in commercial real estate. Students will learn what it takes to design, build, manage, own, and sell commercial real estate and develop generational wealth! Course-work will be taught by local and regional university partners, as well as local real estate industry professionals.

NAIOP Wisconsin and the Marquette University Center for Real Estate are partnering to present the Wisconsin opportunity.

Visit [www.NAIOP-WI.org](http://www.NAIOP-WI.org) to learn more about the program
